CONSOLIDATED BALANCE SHEET

CONSOLIDATED BALANCE SHEET

September 30th, 2018

ANNEX 2

GLOSSARY

GLOSARIO

Ratio / APM	Definition
Customer Spread	Difference between the average yield on the loan portfolio and the cost of retail deposits.
Recurring Revenues	Net interest income plus net fee and commission income plus net exchange differences.
Recurring Costs	Total operating expenses (administration expenses plus amortisation and depreciation) minus extraordinary expenses (redundancy plan expenses).
Recurring profit before provisions: Recurring revenues minus recurring costs.	
NPL ratio	Doubtful balances in loans and advances to customers divided by gross loans and advances to customers.
Coverage for total doubtful risk	Relationship between total asset impairment losses and provisions for risks and contingent commitments and doubtful risks.
Coverage ratio of foreclosed assets	Value adjustments for impairment losses on foreclosed assets divided by gross value of foreclosed assets.
NPA Ratio	Gross non-performing assets (total non-performing risks plus gross foreclosed assets) divided by gross loans and advances to customers plus the gross foreclosed assets.
NPA Ratio Coverage	Accumulated impairment of foreclosed assets plus impairment losses on loans and advances to customers (excluding provisions related to clauses which set a minimum interest rate for mortgages) divided by gross non-performing assets (non-performing loans plus gross foreclosed assets).
Cost of Risk	Percentage of write-downs associated with credit risk and real estate in relation to gross loans and advances to customers plus gross foreclosed assets.
Liquid Assets % Total Assets	Total liquid assets divided by total assets. Liquid assets include unencumbered public debt + available & eligible fixed income assets (after ECB haircut applied).
LTD Ratio	Net loans (excluding securitisation liabilities) divided by customer deposits, promissory notes and subordinated liabilities (excluding individual mortgage bonds, temporary transfers of assets, wholesaler promissory notes, wholesale subordinated debt and preferred shares).
NSFR Ratio	Amount of available stable funding relative to the amount of required stable funding.
LCR Ratio	High quality liquid assets divided by net outflows during the following 30 days.
