Disclaimer

Data, estimates, valuations and forecasts, as well as the rest of the contents of this presentation are published for information purposes only. Neither Ibercaja Banco nor any of its directors, managers or employees are obliged, neither implicitly nor expressly, to guarantee that these contents are exact, accurate or complete, to update them or to correct them if they detect any error or omission.

The purpose of this presentation is not to provide financial advice or offer any kind of financial product or service. Ibercaja Banco is not and will not be responsible if any part of this presentation is taken into account to form the basis of an investment decision. Ibercaja Banco notes that this presentation may contain forwardlooking statements. It should be considered that such forward-looking statements do not guarantee any future results and are only subjective opinions of Ibercaja Banco in relation to the evolution of its business and as such there may be different criteria, risks, uncertainties and many other relevant factors that may cause it to evolve very differently. In any event, data relating to past performance or profits cannot be relied upon for future performance or profits.

This document has not been submitted to the Spanish Securities Market Commission (Comisión Nacional del Mercado de Valores) for its approval or registration. In any case, it is subject to Spanish law applicable as at the date hereof and is not addressed to any natural or legal person in any other jurisdiction. For this reason, it may not comply with legal requirements of other jurisdictions.

Without prejudice to applicable legal requirements or any other limitations imposed by Ibercaja Banco, it is expressly prohibited any use of this presentation and the distinctive signs or symbols contained therein, including any sort of copy, distribution, transfer to third parties, public communication or transformation, through any mean or medium whatsoever, without prior and express authorisation of the respective owners. Breach of this prohibition may constitute an infringement of current laws and may be sanctioned.

In addition to the financial information prepared under International Financial Reporting Standards (“IFRS”), this presentation contains certain alternative performance measures (“APMs”) as defined in the Guidelines on Alternative Performance Measures issued by the European Securities and Markets Authority on 5 October 2015 (ESMA/2015/1415). The APMs are performance measures that have been calculated using the financial information from the Ibercaja Banco Group but that are not defined or detailed in the applicable financial information framework and therefore have neither been audited nor are capable of being completely audited. These APMs are being used to allow for a better understanding of the financial performance of the Ibercaja Banco Group but should be considered only as additional information and in no case as a replacement of the financial information prepared under IFRS. Moreover, the way the Ibercaja Banco Group defines and calculates these APMs may differ to the way these are calculated by other companies that use similar measures, and therefore they may not be comparable. For further details of the APMs used, including its definition or a reconciliation between any applicable management indicators and the financial data presented in the consolidated financial statements prepared under IFRS, please see the consolidated annual accounts as of 31 December 2018 and the corresponding management report available at Ibercaja Banco’s webpage (www.ibercaja.es).

NET INTEREST INCOME

Net Interest Income Breakdown

Customer Spread

Net interest income decreases 4.4% YoY or €24.9m.

- ▶ **Customer income**, loan revenues minus customer deposit costs, **grows 1.2% YoY or €5.1m. Customer spread reaches 1.43%** vs. 1.39% in 2018.
- ▶ **ALCO portfolio and treasury revenues** fall **€19.8m**. The **ALCO portfolio** accounts for **10.4%** of financial revenues.

NET FEE INCOME

Net Fee Income

Net fee income as % of recurring revenues

% - 2019

Net fee income grows 5.1% YoY.

- **Non-banking commissions*** (mutual funds, risk insurance and pension funds) **rise 13.6% YoY** driven by net inflows and positive market evolution and includes success fees amounting to €22m. **Banking commissions decrease 6.0% YoY.**

Net fee income as % of ATA at 0.75% which is one of the highest levels among peers. Net fee income accounts for 42.0% of recurring revenues, highest weight among peers.

* Includes both commissions from non-banking financial products' commercialization and commissions from asset management. Peer group includes Bankia, Bankinter, Caixabank, Liberbank, Sabadell, TSB and Unicaja.

RECURRING REVENUES

Recurring Revenues

Recurring Revenues Breakdown

% - 2019

Asset management & life insurance

% of retail customer funds - 2019

Recurrent revenues fall 0.6% YoY.

- Under the current **low-rates environment**, Ibercaja continues to show a **more resilient income-generation capacity** vis-à-vis other regional and/or mortgage-focused banks driven by Ibercaja's higher exposure to the asset management and bancassurance businesses.
- **Asset management and life insurance** weight in total retail customer funds remains the **highest among peers**.

Revenues from asset management and bancassurance represent 38.1% of Ibercaja's recurring revenues.

Peer group includes Bankia, Bankinter, Caixabank, Liberbank, Sabadell, TSB and Unicaja.

OPERATING COSTS

Operating Costs

€m

Digital Customers¹

000

Breakdown of Customer Transactions

% - 2019

Total operating costs fall 10.3% YoY driven by the absence of extraordinary expenses.

- **Recurring costs fall 2.1% YoY.**
- The company has started the negotiations to implement a **new redundancy plan in 2020.**

Digital customers grow 13.1% in the year, driven by a 38.7% increase in Ibercaja app's customers to over 432,000.

The digital channel accounts for over 70% of customer transactions.

¹ Number of customers that have used the web or the app of Ibercaja during the last month.

PROFIT BEFORE PROVISIONS

Recurring Profit before Provisions

€m and %

Recurring Revenues & Costs

2016 base year = 100

Profit before provisions increases 9.7% YoY and reaches €326.5m.

In 2019, improvement of operating “jaws” has resulted in a 2.2% YoY growth of recurring profit before provisions (net interest income + net commissions – recurring costs).

Since 2016 Ibercaja is taking the necessary measures in terms of revenue generation and cost adjustments in order to improve its operating leverage going forward:

► **Since 2016 recurring revenues have grown 3.8% and operating costs have fallen 8.0%.**

PROVISIONS

Total Provisions

€m

Cost of Risk

%

Total provisions grow 10.3% YoY.

- **Provisions related to loans and foreclosed assets** fall **28.1% YoY**.
- **Cost of risk** continues to improve and stands at **40 b.p.** in 2019.
- Ibercaja has recorded provisions amounting to **€50m** to anticipate potential impacts from the accelerated NPA reduction that the bank is implementing. **These provisions are not included in the company's coverage ratio.**

NET PROFIT

Net Profit

Extraordinary impacts in 2019 (before tax)

€42m

Wholesale sale of problematic exposures

€50m

Provisions to anticipate future impacts due to the accelerated strategy of selling NPAs (not included in coverage ratio)

Ibercaja doubles its net profit in 2019 and reaches €84m.

Results have been impacted by two extraordinary impacts:

- Wholesale NPA transactions have had a negative impact of **€42m** (pre-tax).
- **€50m** of provisions (pre-tax) to anticipate potential impacts from the accelerated NPA reduction that the bank is implementing. These provisions are not included in the company's coverage ratio.

IV

ASSET QUALITY, LIQUIDITY AND SOLVENCY

ASSET QUALITY (1/2)

In 2019, non-performing assets – doubtful exposures and foreclosed assets – decrease 36.9% YoY or €1,124m. NPA ratio falls 303 b.p. YoY to 5.8% and comfortably meets Ibercaja's 6% target.

Doubtful exposures fall 43.0% YoY and NPL ratio stands at 4.0%, 80 b.p. below sector average.

- Gross NPL entries fall 23.8% YoY while recoveries grow 5.3% YoY (excl. wholesale transactions).

Foreclosed assets fall 18.5% YoY.

- Sales of foreclosed land grow 59% YoY, exceeding €160m.

Non-Performing Assets

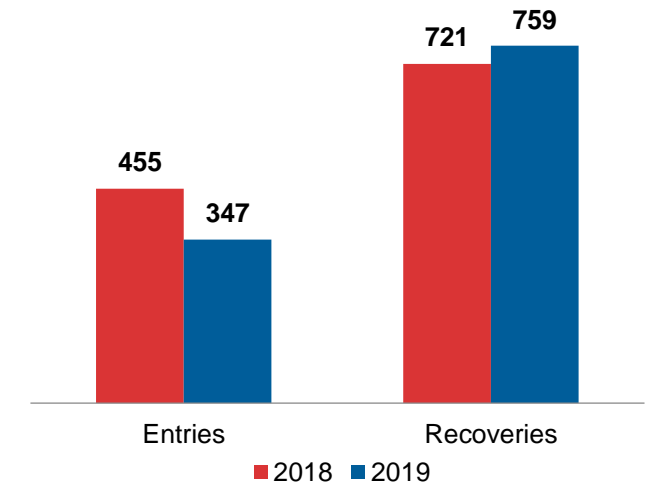

NPL Ratio

% - December 2019

NPL Entries & Recoveries

€m – excl. wholesale transactions

ASSET QUALITY (2/2)

Coverage ratio of non-performing assets stands at 51.6% (vs. 51.5% as of December 2018).

After executing Cierzo and Ordesa transactions¹, **doubtful residential mortgages, with a lower expected loss, account for 48% of non-performing loans.**

€548m / 37.1% reduction in net non-performing assets YoY driven by a reduction of gross non-performing assets together with the provisioning effort. Its **weight as % of total assets represents just 1.7%** (-113 b.p. YoY).

ALCO Portfolio revenues as % of Financial income

2019 - %

¹ ALCO portfolio does not include insurance portfolio.

² Includes interest rate swaps.

Peer group includes Bankia, Bankinter, Caixabank, Liberbank, Sabadell, TSB and Unicaja.

TIER II ISSUANCE REFINANCING

Tier II Investor Base – By Investor Type

% demand

Tier II Investor Base – By Region

% demand

On January 16th, Ibercaja successfully completed the refinancing strategy of the Tier II instruments issued in 2015:

- Ibercaja has issued €500m of Tier II in 10.5NC5.5 format. Investors' demand reached **€1,800m** and over 70% of investors were international. **Coupon was priced at 2.75%** vs. 5% of the previous issuance, which implies over **€11m** annual savings (~2% of net interest income).
- At the same time Ibercaja **has repurchased 56% of the instrument issued in 2015** and the remaining 44% has a call date in July.

LIQUIDITY AND FUNDING PROFILE

Ibercaja holds a comfortable liquidity position (liquid assets account for 20.7% of total assets) and a prudent funding profile (customer deposits account for 77% of gross external funding).

- **LCR and NSFR ratios** stand well above regulatory requirements.
- **LTD ratio** stands at **92.5%**.
- Ibercaja has repaid 50% of its TLTRO II financing and it does not intend to use any TLTRO III financing.

LCR and NSFR Ratios

% - 4Q2019

Gross External Funding

% - 4Q2019

Maturity Profile

€m - 31/01/2020 post Tier II refinancing

¹ Includes long term funding from institutional banks such as ICO and EIB

SOLVENCY

In 2019 Ibercaja has generated 82 b.p. of capital. CET1 Fully Loaded ratio reaches 11.4% while Total Capital Fully Loaded ratio stands at 15.5%.

- Fully Loaded leverage ratio stands at 5.5%.
- The closing of 4.45% CASER sale will imply a 0.2% increase in CET1 Fully Loaded ratio and is expected during 1H20.

In Phased-In terms, CET1 ratio stands at 12.3% and Total Capital at 16.4% vs. 9% and 12.5% requirements, respectively.
