Data, estimates, valuations and forecasts, as well as the rest of the contents of this presentation are published for information purposes only. Neither Ibercaja Banco nor any of its directors, managers or employees are obliged, neither implicitly nor expressly, to guarantee that these contents are exact, accurate or complete, to update them or to correct them if they detect any error or omission.

The purpose of this presentation is not to provide financial advice or offer any kind of financial product or service. Ibercaja Banco is not and will not be responsible if any part of this presentation is considered to form the basis of an investment decision. Ibercaja Banco notes that this presentation may contain forward looking statements. It should be considered that such forward-looking statements do not guarantee any future results and are only subjective opinions of Ibercaja Banco in relation to the evolution of its business and as such there may be different criteria, risks, uncertainties and many other relevant factors that may cause it to evolve very differently. In any event, data relating to past performance or profits cannot be relied upon for future performance or profits.

This document has not been submitted to the Spanish Securities Market Commission (Comisión Nacional del Mercado de Valores) for its approval or registration. In any case, it is subject to Spanish law applicable as at the date hereof and is not addressed to any natural or legal person in any other jurisdiction. For this reason, it may not comply with legal requirements of other jurisdictions.

Without prejudice to applicable legal requirements or any other limitations imposed by Ibercaja Banco, it is expressly prohibited any use of this presentation and the distinctive signs or symbols contained therein, including any sort of copy, distribution, transfer to third parties, public communication or transformation, through any mean or medium whatsoever, without prior and express authorization of the respective owners. Breach of this prohibition may constitute an infringement of current laws and may be sanctioned.

In addition to the financial information prepared under International Financial Reporting Standards (“IFRS”), this presentation contains certain alternative performance measures (“APMs”) as defined in the Guidelines on Alternative Performance Measures issued by the European Securities and Markets Authority on 5 October 2015 (ESMA/2015/1415). The APMs are performance measures that have been calculated using the financial information from the Ibercaja Banco Group but that are not defined or detailed in the applicable financial information framework and therefore have neither been audited nor are capable of being completely audited. These APMs are being used to allow for a better understanding of the financial performance of the Ibercaja Banco Group but should be considered only as additional information and in no case as a replacement of the financial information prepared under IFRS. Moreover, the way the Ibercaja Banco Group defines and calculates these APMs may differ to the way these are calculated by other companies that use similar measures, and therefore they may not be comparable.

RECURRING REVENUES (1/2)

Net interest income breakdown

€m

Net fee income

€m

NII in the first nine months of the year decreases by 8.3% or €33.6m. QoQ, it increases by 0.8%.

- Ibercaja has completed the repreciation of the loan portfolio at -0.5%.

Net fee income rise 16.0% YoY due to the strong boost of off-balance sheet managed savings. QoQ, they increase by 9.2%.

- Non-banking fees grow €45.6m or 27.6% YoY. These revenues reach an historic in in the quarter (€75.4m).

RECURRING REVENUES (2/2)

Recurring revenues variation

Recurring revenues

Recurring revenues increase by 1.5 YoY, exceeding the target of stability expected for 2021.

- In the quarter, recurring revenues amount to €239.2m, 4.7% above 2Q, reaching pre-pandemic levels, thanks to the commercial dynamism in asset management and despite the fall of Euribor.

PRE-PROVISION PROFIT

Gross operating income

Operating costs

Pre-provision profit

Gross operating income increases by 5.2% YoY up to €731.9m.

Operating costs rise by 3.6% YoY.

- The slowdown of activity in 2020 as a result of the pandemic and the launch of the new Strategic Plan explain the increase in the cost base.
- It is expected that by the end of the year 66% of the departures of the Redundancy Plan will have been executed and the cost savings will begin to materialize in the income statement.

Pre-provision profit improved by 7.7% YoY or €20.7m.

PROVISIONS

Total provisions

Cost of risk

Total provisions fall 46.6% YoY or €74.4m after having constituted in 2020 extraordinary provisions of €90.1m due to Covid-19.

- **Loans and foreclosed assets provisions (ex. Covid-19) fall by 15.1%YoY, due to less NPLs entries..**

Cost of risk stands at 32 bps vs 71 bps registered in 2020.
